CHARLOTTE-AIMEE

Visual Artist - Oil painting

Exploring light, interiors, and the emotional qualities of place

@charlotteaimeeart

About *Me*

Charlotte Aimee is an Australian/New Zealand painter working primarily in oil. Her practice explores the relationship between light, interior space, and place, often drawing from architectural details, domestic settings, and observed environments.

Her work is informed by a sensitivity to how paintings inhabit space, with particular attention to scale, surface, and the way art can shape the experience of a room. Charlotte's paintings are held in private collections internationally and have been exhibited in galleries and art fairs across Australia.
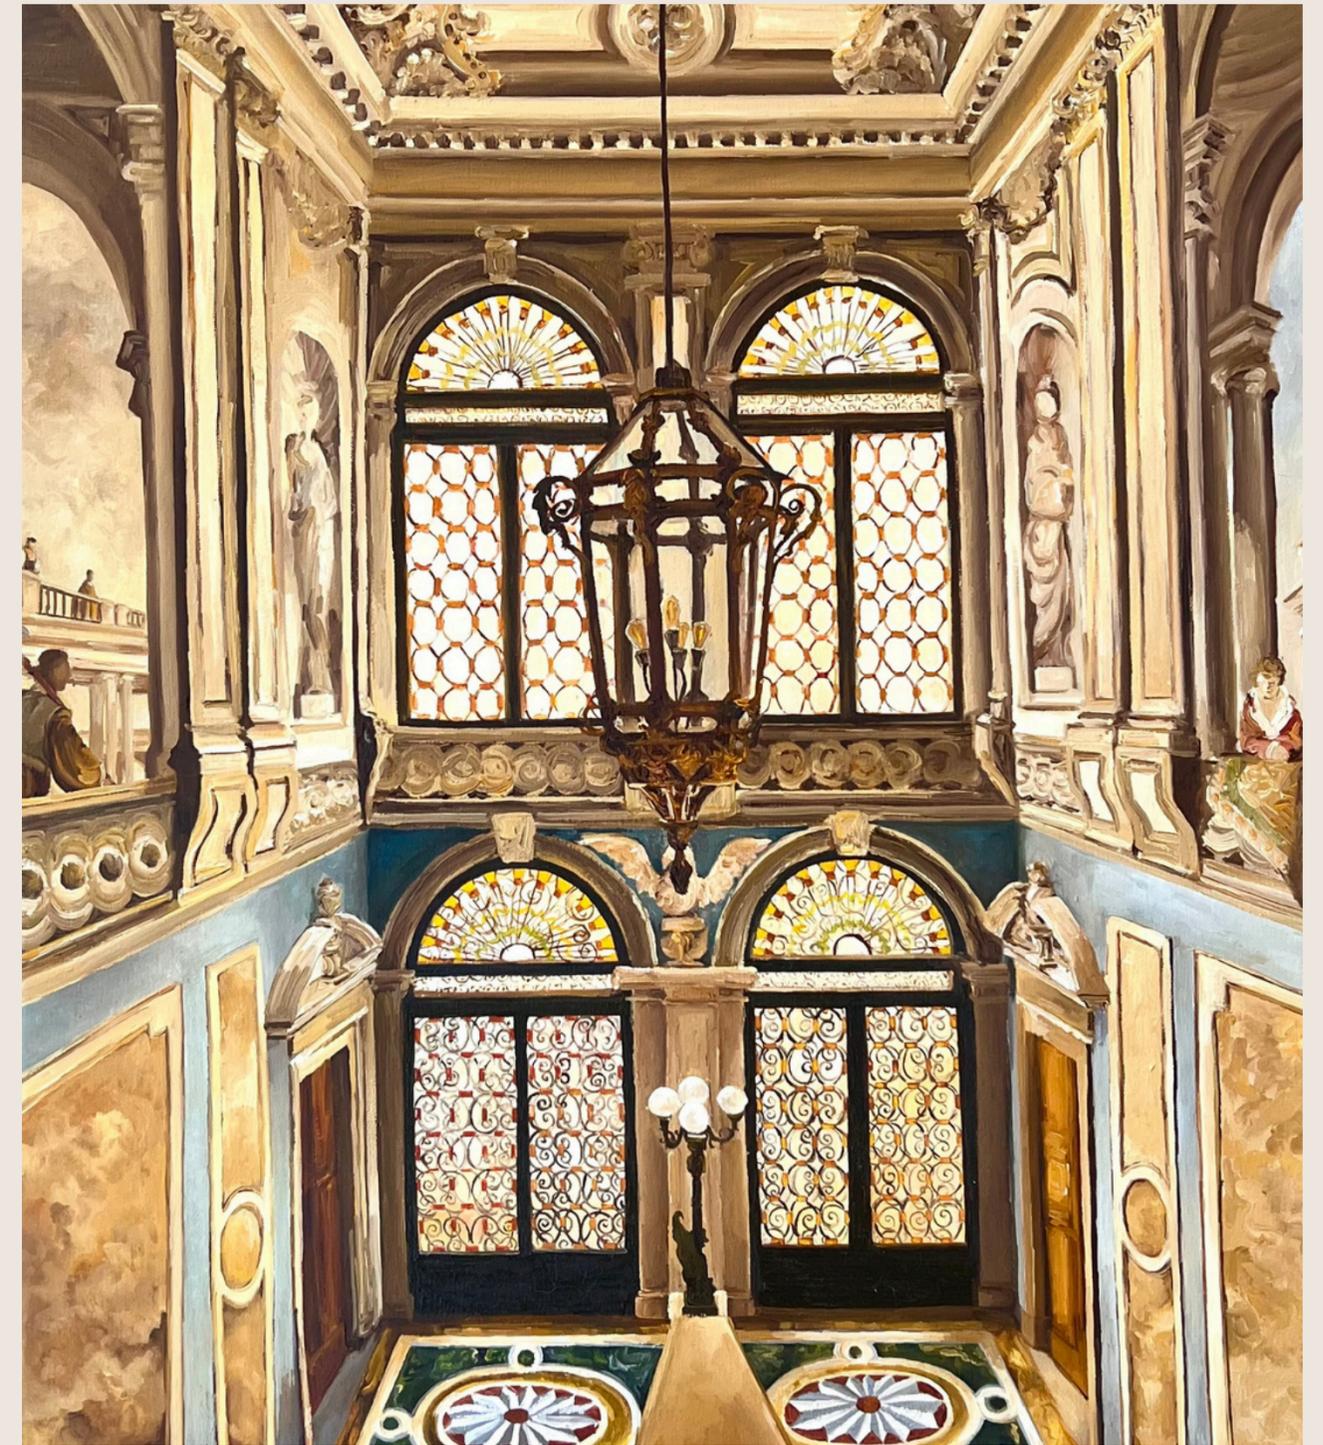

My Specialities

01.
Site-Responsive Painting Series

Charlotte Aimee would create a small series of original oil paintings responding directly to the hotel's architecture, interiors, and surrounding environment. These works could be displayed in guest suites, lounges, or shared spaces, offering a subtle reflection of place through colour, light, and atmosphere.

02.

Signature Suite

A bespoke artwork or group of works created specifically for a signature suite or private area within the hotel. The paintings would be developed in conversation with the interior design and spatial tone of the room, contributing to a cohesive and immersive guest experience.

03.

Temporary Exhibition or Artist Feature

A rotating display of selected works in a lobby, corridor, or gallery-style space within the hotel. This could be accompanied by discreet interpretive text or a short printed guide, offering guests a quiet cultural moment within their stay.

04.

Limited-Edition Artwork

A small edition of prints inspired by the hotel's location or interiors, created exclusively for guests or as a special collaboration. These could function as collectible keepsakes while extending the hotel's visual identity beyond the physical space.
